Accessibility Plan (2020/2023)

Introduction

St. Modwen's catholic Primary School recognises its duty under the DDA (as amended by the SENDA):

- not to discriminate against SEND pupils in their admissions and exclusions, and provision of education and associated services
- not to treat SEND pupils less favourably
- to take reasonable steps to avoid putting SEND pupils at a substantial disadvantage
- to publish an Accessibility Plan.

The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles; and endorses the key principles in the National curriculum in England: framework for key stages 1 to 4 and Early Years Foundation Stage Curriculum, which underpin the development of a more inclusive curriculum:

- setting suitable learning challenges
- responding to pupils' diverse learning needs
- overcoming potential barriers to learning and assessment for individuals and groups of pupils.

St.Modwen's Catholic Primary School is a purpose built Primary School, offering fully accessible high quality educational and community provision for children aged 4-11 years.

Drawing up an Action Plan

The 3 areas to be considered in this action plan are:

1. Increasing access for SEND pupils to the school curriculum

St.Modwen's Catholic Primary School will continue to seek and follow the advice of LEA services, such as specialist teacher advisers and SEND inspectors/advisers, and of appropriate health professionals from the local NHS Trusts.

2. Improving access to the Physical environment of the school for SEND pupils

St.Modwen's Catholic Primary School will take account of the needs of pupils and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access to outdoor play.

3. Improving the delivery of written information to SEND pupils

St.Modwen's Catholic Primary School will make itself aware of local services, including those provided through the LEA, for providing information in alternative formats when required or requested.

1. Increasing access for SEND pupils to the school curriculum.

Improving teaching and learning lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes.

It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits. The only exception would occur if a child had breached school rules when deprivation of club attendance may be used as a suitable short-term sanction and to ensure the safety of others.

2. Improving access to the physical environment of the school

St.Modwen's Catholic Primary School is continuing to grow and develop. Provision, in exceptional cases, will be negotiated when a pupil's specific needs are known.

We have a wide range of equipment and resources available for day to day use. We keep resource provision under constant review. The schools Improvement planning process is the vehicle for considering such needs on an annual basis.

3.Improving the delivery of information to SEND pupils

This will include planning to make written information that is normally provided by the school to its pupils available to SEND pupils. Examples might include handouts, textbooks and information about school events. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe.

In planning to make written information available to SEND pupils we again need to establish the current level of need and be able to respond to changes in the range of need. The school will need to identify agencies and sources of such materials to be able to make the provision when required. The schools ICT infrastructure will enable us to access a range of materials supportive to need.
