

How can we support your child's development?

Where Play Meets Potential

We are passionate about play. We understand the important role it has in a child's positive learning and development. That's why all our programmes are designed around play, fun and friendship.

Life Skills

We give children the opportunity to learn about and practice important life skills like taking care of themselves and the environment around them, extending on what's taught in the classroom.

School Readiness

Starting school can be daunting for kids. Our programmes help set children up for the best possible day at school and create an environment where friendships can thrive outside of the classroom.

Social Development

Monash University research found that our Adventure Programme scored highly on learning outcomes relating to identity, social connection and wellbeing. 90% of children reported that our programmes helped them look after themselves and their friends.

Give them more play more friends, more adventure

Unlock your child's potential with our Adventure Programme! Join us in the mornings for Rise then Shine and in the afternoons for Stay and Play!

One of the many ways we support children's development is by giving them the opportunity to express themselves through play.

Every session combines familiar routines, healthy snacks, exciting adventures and meaningful child-led choice to create memorable experiences children look forward to every day.

Daily staff-led activity inspired by the weekly theme.

Every Monday our healthy snack becomes an exciting food experience.

Every Friday children enjoy a collaborative sport or team challenge.

Daily Child-led activities where children choose how they'd like to play and explore.

Daily energetic games that prepare children for the day.

Where play *meets* potential

NEW Termly Themes

The Adventure is Heating Up!

NEW in 26/27
